The authors acknowledge Tom McMahon for careful review of the report and share the following corrigenda, such corrections to be considered an updated and superseding version of the original report.

Page 4. Cites **Regan** 1917 twice. Should be **Reagan** 1917

Please note that the citation to Reagan 1917 includes the typed notes supporting the 1917 report to the Los Angeles County Flood Control District. These notes are also published under the title “Early Floods in Los Angeles County” and contain many firstand second-hand accounts of flooding from the early 1800s through 1914.

Page 4. We make a claim of a “series of earthquakes” before 1825. Upon review, we could not confirm this claim upon consideration of our original notes and the Reagan (1917) listed as a source and withdraw it.

Page 4. We describe three years of heavy rains around 1825. Upon review of Reagan 1917 and other sources, we were unable to substantiate this claim, although heavy rains specifically in 1825 associated with change of course of the Los Angeles River remains supported.

Page 9. We cite to Manies 1997, which is omi_ed from literature cited. The citation is: Manies, K. L. 1997. Evaluation of general land office survey records for analysis of the northern Great Lakes hemlock-hardwood forests. M.Sc. Thesis, University of Wisconsin, Madison.

Pages 12 and 14. We reference Grossinger 2005, which should be to Grossinger **and Askevold** 2005

Page 23. We cite to Reagan **1915**, which should be Reagan **1917.**

Page 26. Hansen and Jackson 1889 is cited but not in the bibliography. The citation should be: Hansen, G., and J. E. Jackson. 1889. "Opinions. Of the Ballona Outfall and Storm Drain." Los Angeles Times, p. 2, August 24, 1889.

Page 27. The caption of Figure 22 should reference Hall (**1888**) and not (**1887**).

Page 31. We cite two Los Angeles Times sources (1873 and 1904) regarding agricultural use that are not found in the literature cited and have as yet been unable to confirm these.

Page 32. We incorrectly identified the agency responsible for the T-sheet, which should be **United States Coast Survey** (not U.S. Geological Survey).

Page 36. The text "1: 62,5000. Map courtesy of the University of Alabama" should be deleted from the NRC 2001 reference.

Page 36. The state of publication for Gumprecht 1999 should be **MD**, not **MA**.
